November 2, 2026 Steward Update

Dear Stewards,

1. NEW: Saskatchewan Expansion, February 1, 2027: As communicated October 2025, The Minister of the Environment in Saskatchewan announced new **Electronic Equipment Stewardship Program Regulations**.

SK is expanding the list of regulated products effective February 1, 2027. This expansion includes small appliances, cell phones, power tools and outdoor power equipment.

2. NEW: British Columbia Thermostat reporting, effective February 1, 2027: Effective January 1, 2027, the Heating, Refrigeration and Air Conditioning Institute of Canada (HRAI) will transition responsibility for the Thermostat Recovery Program (TRP) in British Columbia to EPRA BC. Thermostats are accepted for recycling at EPRA drop off locations as of January 1, 2027.

Effective February 1, 2027, new thermostats supplied in/into BC are obligated for reporting to EPRA BC. Click here for product information and rate.

3. NEW: Steward fee/eco fee update: New Brunswick effective February 1, 2027: A review of EPRA Steward fees (eco fees) has taken place. The **updated rates are effective February 1, 2027**.

4. Québec 2026 Recovery and Reclamation: Details and steps for the 2026 Québec Recovery & Reclamation regulatory obligations were emailed to Québec Stewards August 25, 2026. All organizations that collect, refurbish, reuse, process and/or recycle regulated electronics from Québec are impacted under section 8.1 the regulation.

Kindly note, all QC Stewards are required to complete Step 1 which was due **October 15, 2026**.

November 2, 2026 Steward Update

5. Québec battery-powered products recycling: A number of stewards have asked us to elaborate on the Québec regulation regarding battery recycling as it relates to products containing batteries. They have expressed confusion on the overlapping programs and in that light, we share the following outline.

In Québec, battery recovery regulations were expanded in 2022 to cover battery-powered products that contain built-in batteries weighing less than 5 kg. In July of 2026, Recyc-Québec endorsed Call2Recycle as managing, in addition to loose household batteries, the recovery of full consumer devices with these built-in batteries. This directly covers items such as **vapes/e-cigarettes, e-bikes, toys, smoke detectors, personal care items, drones, flashlights, and power tools**. Call2Recycle's program is funded by Environmental Handling Fees (EHFs), which are applied to the sale of select, new battery-powered products with built-in batteries. The regulation covers the recycling of the battery and is silent on what happens to the remainder of the product containing the battery.

EPRA Québec continues to provide the safe and secure collection and full end of life management of electronics products, including the battery contained inside the products. EPRA also manages both the product and embedded battery for personal care items, power tools and smart toys in many other provinces. EPRA has offered to Call2Recycle and to Recyc-Québec to manage these products in Québec to avoid confusion and achieve efficiencies for both producers and collection sites, however that offer has been declined at this time.

If you have questions, concerns or ideas regarding the regulation in Québec, we provide the following contact information:

Ministère de l'Environnement, de la Lutte contre les changements climatiques, de la Faune et des Parcs — Waste Directorate
Édifice Marie-Guyart, 675, boulevard René-Lévesque Est, Québec (Québec) G1R 5V7

UNINTERRUPTIBLE POWER SUPPLIES (UPS)

PROVINCE	BC	YT	NT	ARMA	SK	MB	ONT	QC	NB	NS	PE	NL
STEWARD FEE	-	-	-	-	-	-	-	-	-	-	-	**<2 kg:** $1.35 **2-10 kg:** $3.25 **10-50 kg:** $5.90 **50-200 kg:** $69.75
Power strip–style UPS				-			-					✓
Desktop/home office UPS				-			-					✓
Mid/mini-tower UPS				-			-					✓
Network/server rack UPS				-			-					✓
POS backup UPS				-			-					✓
Mini DC UPS				-			-					✓
Security & Alarm system UPS				-			-					✓
DIN Rail UPS				-			-					✓
Power over Ethernet (PoE) UPS				-			-					✓
Modular/Scalable UPS/batteries				-			-					✓

Product Definitions:
• Power supply devices (semi-permanent and/or permanent installation) that remain continuously connected to a main electrical power source and are generally designed to provide power on an interim basis. Typically, this is to allow connected equipment to continue operating briefly or shut down safely to prevent damage or data loss. These may be standby, line interactive, double conversion, or any other UPS types.
Note: Individual UPS units must be 200 kg or less. Standalone modular components, additional batteries and/or accessories are accounted for at their respective individual weights.

Excluded:
• Units that are above 200 kg not including add ons (modular units, batteries, accessories, etc.)
• Energy storage units marketed primarily for sustained and/or portable off-grid use.
• Battery Energy Storage Systems (BESS): Semi-permanent or permanent installation to provide backup or supplemental power to building circuits (e.g., "Battery Walls").
• Fuel-powered - Systems that generate electricity using a combustion engine (Gasoline, Diesel, Propane etc.).
• PDUs & Surge Protectors: Power Distribution Units or power strips that distribute or condition AC power but contain no energy storage (no internal batteries).
• Individual primary or Rechargeable Cells: AA, AAA, C, D, 9V, button cells, Car Batteries and similar loose batteries intended to power devices directly rather than act as standalone backup or charging products.

MUSICAL INSTRUMENTS

PROVINCE	BC	YT	NT	ARMA**	SK	MB	ONT*	QC	NB	NS	PE	NL
STEWARD FEE	$0.95	-	-	-	-	-	-	-	-	-	-	-
Any stringed instruments with built-in active or passive electronics including:	✓			-			-					
Acoustic-electric guitars	✓			-			-					
Banjos	✓			-			-					
Electric guitars, basses or mandolins, etc.	✓			-			-					
Other stringed instruments with pickups or preamps, etc.	✓			-			-					
Ukuleles	✓			-			-					
Violins	✓			-			-					
Electronic percussion instruments that do not have onboard power or are powered by battery, battery and cord or USB only, including:	✓			-			-					
Acoustic percussion instruments with built-in microphones	✓			-			-					
Drum trigger (passive) pads without controller	✓			-			-					
Percussion instruments with built-in active electronics and power from battery, battery and cord or USB only, including:	✓			-			-					
Electronic cymbals	✓			-			-					
Electronic drums	✓			-			-					
Electronic hand percussion pads	✓			-			-					
Electronic rhythm trainers or practice pads	✓			-			-					
Electronic 'silent' instruments or devices for silent practice or performance using acoustic wind or stringed instruments	✓			-			-					
Portable keyboard instruments/controllers with built-in active or passive electronics, including:	✓			-			-					
Battery-powered keyboards	✓			-			-					
Portable MIDI controllers	✓			-			-					
Sound modules	✓			-			-					
Audio backing modules	✓			-			-					
All electronic tuners, metronomes or combination devices, as well as tuner pickups	✓			-			-					
Portable amplifiers, mixers, or pedal boards powered by battery, battery and cord, USB only, USB, or AC adapter	✓			-			-					
Passive or active pickups, preamps, interconnects, controls or effects systems for stringed or keyboard instruments, including:	✓			-			-					
Aftermarket preamps for new installations	✓			-			-					
Foot pedals for electronic keyboards, etc.	✓			-			-					
Footswitches, active or passive direct boxes	✓			-			-					
Guitar effects pedals	✓			-			-					
Impedance matching devices	✓			-			-					
Off board preamp pedals	✓			-			-					
Sound hole pickups	✓			-			-					
Under-saddle pickups	✓			-			-					

MUSICAL INSTRUMENTS CONT'D

PROVINCE	BC	YT	NT	ARMA**	SK	MB	ONT*	QC	NB	NS	PE	NL
STEWARD FEE	$3.50	-	-	-	-	-	-	-	-	-	-	-
Percussion instruments with built-in active electronics and power from an AC source or AC adaptor, including:	✓			-			-					
Electronic cymbals	✓			-			-					
Electronic drums	✓			-			-					
Electronic hand percussion pads	✓			-			-					
Electronic rhythm trainers or practice pads	✓			-			-					
Keyboard instruments with built-in active or passive electronics, to plug directly into AC current with a wall cord, including:	✓			-			-					
Digital pianos	✓			-			-					
Electronic keyboards	✓			-			-					
Industrial/commercial quality microphones used for musical recording, performances and/or public address, and not for use with an obligated product (e.g. wireless microphone systems)	✓			-			-					
MIDI controllers and devices	✓			-			-					
Guitar amplifier	✓			-			-					
Synthesizers	✓			-			-					
Amplifiers, mixers, and speaker enclosures for musical instruments and public address systems	✓			-			-					
DJ mixers and electronic audio devices	✓			-			-					
LARGE MUSICAL INSTRUMENTS, 50 - 200 KG ARE REPORTED UNDER FLOOR STANDING PRINTERS CATEGORY	See Floor Standing Printers			-			-					

Product Definitions:
• Non-portable musical instruments with electronics that must be connected directly to an AC power source (“corded”) (<200 kg).
**Alberta: for more information click here: https://www.albertarecycling.ca/stewardship-recycling/electronics/
*EPRA Ontario Producers may find additional Ontario information via the EPRA reporting system.

Excluded:
• Replacement or repair parts for musical instruments are not chargeable
• Installed products
• Products greater than 200 kg
• Stage lighting systems laser effects, fog machines, etc.
• Lamps or illuminating devices such as piano lamps, stand lamps, etc.
• Parts for musical instruments that are not chargeable
• Parts or replacement vacuum tubes for musical amplifiers
*EPRA Ontario Producers may find additional Ontario information via the EPRA reporting system.

Excluded:
• Electronic fertility monitors
• Light therapy

THERMOSTATS

PROVINCE	BC	YT	NT	ARMA	SK	MB	ONT	QC	NB	NS	PE	NL
STEWARD FEE	$0.55	-	-	-	-	-	-	-	-	-	-	-
Electronic thermostats	effective Feb 1, 2027			-			-					
Connected, smart, and learning thermostats	effective Feb 1, 2027			-			-					
Thermostatic radiator valves	effective Feb 1, 2027			-			-					
Enclosure, incubator, and plug-through temperature controllers	effective Feb 1, 2027			-			-					

Product Definitions:
• Standalone, plug-in, wall-mounted, or surface-mounted electrical and electronic devices whose primary functional purpose is to sense ambient or surface temperature and regulate or actuate heating, ventilation, air conditioning (HVAC), or temperature-controlled equipment.
• Includes devices operating on low-voltage building wiring (e.g., 24V AC), branch-circuit line voltage (120V AC), external power adapters, plug-in cords, or internal/removable batteries, regardless of whether the user interface is digital, touchscreen, push-button, or analog-dial.

Excluded:
• Thermometers – SEE TEST AND MEASUREMENT TOOLS or MEDICAL AND MONITORING EQUIPMENT
• Pneumatic thermostats
• Automotive and engine thermal controls
• Pressure gauges and barometers

MICRO TOYS ELECTRONIC

Battery powered electric bikes	✓			-			-				✓	✓
FURTHER EXAMPLES TO BE POSTED				-			-					

Product Definitions:
• E-scooters: electrical devices that are designed for both electrical and manual propulsion. For example, a device that can be manually propelled through one-foot on the scooter, one foot "kicking" or propelling the device, are included. Large units that are solely designed for propulsion by battery fall into a transportation device use and are not included. For further clarification, contact EPRA.
• E-bikes that are powered by battery only, weighing up to 200kg.
• E-scooters 20kg +, excluding packaging, are reported under the E-bikes, E-scooters 20KG + category.

Excluded:
• Large units that are solely designed for propulsion by battery fall into a transportation device use and are not included. For further clarification, contact EPRA.
• E-bikes & e-scooters which use gasoline/diesel/biodiesel including hybrid models.
• Mobility scooters

Powered yoga balance ball	✓			-			-				✓	
Surfing machines	✓			-			-				✓	
Vibration machines	✓			-			-				✓	
Abdominal toning belts	✓			-			-				✓	
FURTHER EXAMPLES TO BE POSTED				-			-					

Product Definitions:
• Devices designed for use during physical activity and fitness for various forms of exercise.These machines are typically found in fitness centres, gyms, and home with a primary purpose to enhance strength, endurance, flexibility or cardiovascular fitness
• Electronic or electrical exercise equipment that operates on plug or battery to power the product and/or to assist in adjusting the resistance mechanism in the product, i.e. exercise machines with a primary purpose that requires electricity and/or battery power.

Excluded:
• Stepper/Stepmill Machines and/or rowing machines that are purely mechanical (no electrical component required for the product to function).
• A product is excluded if it weighs >200kg
• Units that are purely mechanical and do not require any kind of power assistance to adjust the product's resistance system are not included.
• Units that require power only to display information that is not critical to the functioning of the product or adjustment of the product's resistance system are not included.

Product Definitions:
• Portable/mobile electronic or electrical tools with a power cord, plug and/or battery(ies).
• Program products include, but are not limited to, those used for bending, cutting, drilling, folding, grinding, milling, polishing, punching, sanding, sawing, shearing, soldering, turning, welding, or otherwise processing wood, metal or other materials, including battery powered hand tools. Program products also include those used for measuring and for nailing, riveting, screwing or removing nails, rivets or screws. Tools that meet any of the definitions above are included in the program regardless of whether they are marketed for household, industrial or commercial purposes.
**Alberta: for more information click here: https://www.albertarecycling.ca/stewardship-recycling/electronics/

Excluded:
• Tools which are driven by a gas or compressed air/liquid and do not require electrical or battery power (pneumatic and/or hydraulic tools)
• Tools primarily powered by alternative fuels such as liquid fuel that do not require electrical power
• Non-powered hand tools (hammers, wrenches, etc.) that do not require electrical or battery power

Glue guns	✓			-			-					

Product Definitions:
• Only the products listed above had been approved by the program formerly known as CESA as designated to be very small items.
• No other exceptions can be made unless approved. The above items have an average weight that is significantly lower (< 250 grams) than the products included in CESA's other categories. Therefore, applicable fees reflect the smaller nature of these items. Though they are exempt from their natural categories, they are not exempt from the BC program.

Product Definitions:
• Electric outdoor power equipment with a power cord, plug, and/or battery(ies), which are portable, and designed for outdoor work such as lawn care, landscaping, and property maintenance.

Excluded:
• Outdoor power equipment not requiring electrical or battery power, including units operated by gas, internal combustion engines, compressed air, liquid, or alternative fuels.
• Any equipment unit with a total weight exceeding 200 kg.
• Equipment designed, marketed, and utilized for large-scale industrial, agricultural, or institutional purposes (e.g., construction machinery and large-scale farming equipment).

FREE-STANDING OUTDOOR POWER EQUIPMENT

PROVINCE	BC	YT	NT	ARMA	SK	MB	ONT	QC	NB	NS	PE	NL
STEWARD FEE	-	-	-	-	$3.80	-	-	-	-	-	-	-
Mulchers / Wood Shredders				-	effective Feb 1, 2027		-					
Power Washers				-	effective Feb 1, 2027		-					
Wood Splitters				-	effective Feb 1, 2027		-					

Product Definitions:
• Electric outdoor power equipment with a power cord, plug, and/or battery(ies), which operate from a stationary position or a work surface.

Excluded:
• Outdoor power equipment not requiring electrical or battery power, including units operated by gas, internal combustion engines, compressed air, liquid, or alternative fuels.
• Any equipment unit with a total weight exceeding 200 kg.
• Equipment designed, marketed, and utilized for large-scale industrial, agricultural, or institutional purposes (e.g., construction machinery and large-scale farming equipment).

WALK-BEHIND OUTDOOR POWER EQUIPMENT

PROVINCE	BC	YT	NT	ARMA	SK	MB	ONT	QC	NB	NS	PE	NL
STEWARD FEE	-	-	-	-	$6.80	-	-	-	-	-	-	-
Lawn Mowers				-	effective Feb 1, 2027		-					
Robotic Lawn Mowers				-	effective Feb 1, 2027		-					
Snowthrowers / Snowblowers				-	effective Feb 1, 2027		-					
Walk-Behind Sprayers				-	effective Feb 1, 2027		-					
Dethatchers				-	effective Feb 1, 2027		-					
Lawn Aerators				-	effective Feb 1, 2027		-					
Power Rakes				-	effective Feb 1, 2027		-					
Edgers / Trimmers				-	effective Feb 1, 2027		-					

Product Definitions:
• Electric outdoor power equipment with a power cord, plug, and/or battery(ies), which are mobile, and designed to be steered or guided by an operator walking behind the unit.

Excluded:
• Outdoor power equipment not requiring electrical or battery power, including units operated by gas, internal combustion engines, compressed air, liquid, or alternative fuels.
• Any equipment unit with a total weight exceeding 200 kg.
• Equipment designed, marketed, and utilized for large-scale industrial, agricultural, or institutional purposes (e.g., construction machinery and large-scale farming equipment).

LAWN TRACTORS OUTDOOR POWER EQUIPMENT

PROVINCE	BC	YT	NT	ARMA	SK	MB	ONT	QC	NB	NS	PE	NL
STEWARD FEE	-	-	-	-	$13.55	-	-	-	-	-	-	-
Zero-Turn Mowers				-	effective Feb 1, 2027		-					
Ride on Lawn Tractors				-	effective Feb 1, 2027		-					

Product Definitions:
• Battery-powered ride-on equipment with rechargeable battery(ies) and designed for lawn care, landscaping, and property maintenance.

Excluded:
• Outdoor power equipment not requiring electrical or battery power, including units operated by gas, internal combustion engines, compressed air, liquid, or alternative fuels.
• Any equipment unit with a total weight exceeding 200 kg.
• Equipment designed, marketed, and utilized for large-scale industrial, agricultural, or institutional purposes (e.g., construction machinery and large-scale farming equipment).

NOTES:

1. Products included/excluded are examples based upon member inquiries but do not represent an exhaustive list of all obligated products by category. Stewards must assess products against the definitions of each obligated product category to determine the applicability and appropriate Steward fee, and may consult the program for assistance in clarification where required.

2. Products identified as “Included in the Obligated Category” are subject to the Steward fee for that category; Products identified as “Not Included in the Obligated Category are not subject to the Steward fee for that category, however, members must consider all obligated product categories to determine if the product meets the definition of another obligated product category.

3. A product is excluded from any category if it weighs >200kg, is professionally installed, or cannot readily and safely be de-installed, transported and/or recycled (BC, YT, SK, MB, QC, NB, NS, PE, NL, & ON*).

4. A product is excluded from any category if it has been implanted in a person, if it is surgically invasive or is inserted into a patient's body, if it requires decontamination prior to recycling, or if it has come into contact with blood or other biological contaminants prior to end-of-life (BC only).

5. There are two instances where multiple obligated products may be packaged by the original equipment manufacturer (OEM) in a single physical package carrying a single SKU (stock-keeping unit) and be subject to one Steward fee for the entire package of products:

a) Where the product definition above specifically includes multiple obligated products, or

b) Where a product is comprised of different functional components that are sometimes sold separately, but in this case are integrated into a single operating unit.

In this instance, the integrated product carries the single highest Steward fee. Examples include:

Phase I

• Display device with integrated video player (DVD, VCR, Blu-ray, etc.)

• Printer/Scanner/Fax (all-in-ones)

Phase II

• Multiple drive players integrated into a single device –e.g. DVD & VCR player

• Fax machine with a corded telephone handset

• Telephone with built-in answering machine

• Security display monitor with built-in digital video recorder (DVR)

6. Floor-standing equipment should only include equipment which is integrated, and which cannot easily be broken down by the end-user for recycling (e.g. a mainframe). Floor-standing equipment is not considered one unit under the program if the equipment is comprised of easily-removable subcomponents. If the latter is the case, the rack or frame containing the equipment is excluded and the individual sub-components are covered in categories above as individual/multiple units.

7. Electronic Toys are defined as a plaything placed on the market that uses a cable/plug, batteries, of any type, or other untethered mechanism, to provide power to operate a feature function.

8. The list of Product Definitions and Clarifications may be revised periodically by the Program.

9. *EPRA Ontario Producers may find additional information on the Ontario regulation, including examples of obligated products, via the REportALL system.

10. Alberta's end-of-life electronics recycling program is operated by the Alberta Recycling Management Authority. The ARMA program has updates effective April 1, 2025 for more info, click here: https://www.albertarecycling.ca/wp-content/uploads/2023/03/Electronic-Products-Definitions-and-Fees-1.pdf

11. Northwest Territories end-of-life electronics recycling program is operated by The Government of the Northwest Territories (GNWT).

12. *Canadian Electrical Stewardship Association (CESA) in BC amalgamated with EPRA effective October 1, 2024. Products previously managed by CESA are now **reported via the EPRA portal** effective February 2025 for products put on market from January 2025 and onwards. Should your organization have obligation for BC small appliances and/or power tools and you are not yet **registered with EPRA BC**, kindly ensure this compliance requirement is completed immediately. Questions: Please contact us at 1-888-567-4535 or rep@epra.ca*
